\_(Samantha pov.)\_

It's been about ten days since my mom was killed. By the way my name is Samantha. I'm 17 and I'm basically an orphan. My dad died when I was 5 and my mom was killed a couple of days ago. She died at the hands of a silencer. It was someone whom she once loved. Evan. He was reprogrammed to kill and never have feelings. That day when my mom died was horrible.

\_(Flashback)\_

\_"Sam, you're just being paranoid. No one is following us." Cassie said. We were trekking through the forest looking for human civilization.\_

\_"Mom, I know what I heard. It wasn't like-" I started.\_

\_"Samantha, forget it. If you heard something last night and it was a Silencer it would've attacked a long time ago. Now just focus-"\_

\_"Mom look out!" I yelled jumping on top of her.\_

\_ Silencers. Me and my mom got up and quickly took out our pistols and started running. I heard the Captain call out something to the

rest of them. I looked behind me and saw the Captain was an image of a human. My mom turned around and stopped dead in her tracks.\_

\_"Evan?" I heard her say. He didn't answer. "Evan it's me Cassie." He walked up to her and cupped her cheek.\_

\_"Cassie."\_

\_"You remember" My mom said.\_

\_Then that's when it happened. He stuck a dagger into her heart. She fell down dead.\_

\_"Mom!" I yelled.\_

\_Evan then turned toward me. I took my pistol and shot him in the stomach and took off running deeper into the woods.\_

\_(End of Flashback)\_

As I was walking deeper into the woods, I heard someone following me.
